

Social

Hi, I'm Maeve and I'm running for Social Officer. I have greatly enjoyed attending Literific meetings and especially the events with the society this year and want to participate in creating the same enjoyment for future members of Literific!

I have worked in the events industry for years and am knowledgeable on how various events are ran. While Literific events may not be on such a grand scale as festivals, if I'm social officer, they will be amazing!

I have many ideas I would love to implement. No society event (other than competitions) have ran on the weekend even though many members are in Belfast all weekend so I would love to hold a couple weekend events over the next year. Furthermore, while many members drink and drunk debates and karaoke definitely will be continuing next year if I am social officer, not all members drink. I would further love to implement some events that don't revolve purely around alcohol such as a coffee debate where the motion would obviously continue the private members debate revolving around coffee!

I would also like to increase the number of events as this could increase opportunities to get to know each other. This increase in events, especially in

semester one, could also increase the number of members who join our society with a bigger freshers social at the beginning of the semester and more opportunities to get to know longstanding members of the society!

Vote Maeve for Social Officer!
